

PRESS RELEASE

Breaffy House Resort response to COVID- 19

In an ongoing effort to safeguard public health and to delay the spread of the COVID-19 virus the Government announced on Thursday March 12th restrictions on indoor gatherings to no more than 100 people. While this restriction is both appropriate and necessary it presents a real challenge to hotels whose staffing levels alone can well exceed 100 people.

Breaffy House Resort is no exception since staff alone account for over 220 people when the hotel is running at full capacity. To reduce that number in line with the newly stipulated quota for inside gatherings requires drastic measures in terms of cancellation of events and reduced staffing levels.

Despite the inevitable and substantial loss in revenue that will result for Breaffy House Resort - and all other hotels - the health and wellbeing of ALL guests and staff remains Breaffy House Resort's number one priority. With this as the focus the hotel has implemented a range of initiatives to ensure it complies with all advice and regulatory guidelines as laid down by the Irish Government.

In particular the following initiatives have been implemented.

- 1) **Breaffy Leisure Club** is now closed and will remain closed until March 29th
- 2) **Breaffy Spa is closed from 6pm March 14th** and will remain closed until March 29th
- 3) **Guest Bookings** will be restricted to Room Only and a complimentary Continental Breakfast will be served;
- 4) **Healy Mac's Bar** will remain open with a reduced food offering available from 12 noon to 9pm each day;

Breaffy House Resort wishes to take this opportunity to assure all our guests and staff that we are fully complying with the statutory guidelines as laid down by the Irish Government to help safeguard the health and wellbeing of everyone involved.

We look forward to Ireland overcoming the challenges of COVID-19 and believe that these measures will help save lives and ensure peace of mind for all involved.
